Subject: HF BBS Software Recommendations?
To: info-hams@ucsd.edu

Does anyone have a recommendation a BBS I can run on HF (non-ham)? I'm going to try to set up a couple of HF rigs with PK-232's on each end. I'd like to use PACTOR as the mode and allow the remote station to log-in and upload ASCII (and maybe binary) files.

Any "quick" suggestions would be appreciated. Please reply by any of the following:

Here.

Subject: Internet Resources for Hams (spanish)
To: info-hams@ucsd.edu

I made this list for a radio club meeting. Its a recopilation of information from diffrent lists and translated to spanish. I think even non spanish speakera can get some information from it.

I know this list it still is far from perfection. If you have any additions, comments, suggestions or corrections please contact me directly: xe1kk@amsat.org

 Subject: Mexico's Annual Ham Convention
 To: info-hams@ucsd.edu

//\////////////////////////////////////

The mexican federation of Ham Radio Experimenters (FEDERACION MEXICANA DE RADIOEXPERIMENTADORES) IARU Member, invites all amateur Radio Operators to our 53rd Annual Convention, which will be held in the beautifull paradise of Puerto Vallarta, Jalisco, Mexico, from October 6th thru 9th.

The Vallarta Fiesta Americana will host this event in its main convention center and exhibit room. Your purchase includes 3 nights and 4 days, free beverages during the lunch and during dinner, as well as daily buffette

breakfast and buffette lunch throughout the duration of the convention. To top it off, on the second evening you will enjoy a Mexican Night with folk ballet, mariachi and more features; on the closing evening, dine and dance at the Gala Dinner. Early reservations will give you a preferred rate as indicated.

If you plan to attend with your family, great! Two children can stay for free in each room and children's program are offered. There will also be special entertainment program available for spouses (non ham activities), so everyone can have fun!

Guided tours of Vallarta are available for anyone who is interested in purchasing Mexican arts, crafts, and souvenirs.

During this celebration, the "HAM OF THE YEAR", as well as the "AZTECA" and "AZTECA DE ORO" awards will be presented.

Don't miss the opportunity to enjoy Mexico's most beautiful vacation resort, Puerto Vallarta, and have fun joining our Ham Group from all over the nation.

Subject: Thanks Guys!!!
To: info-hams@ucsd.edu

Many thanks to all who replied to my request for the "Radiotron Designer's Handbook".

Special thanks go to Mike Czuhajewski (whose name I can spell without looking now <G>) for sending me copies of the relevant pages, and to William Marchant for sending me the whole book at his cost+postage. (in a practically waterproof package no less...)

And to people that e-mailed me, and then never answered my responses: One HUGELY giant raspberry! {;^)

C Y'ALL! (What can I say? I'm Southern!)

Dan Kline <t230579@univscvm.csd.scarolina.edu>

P.S. Anyone seen Terman's "Radio Engineering"?
